

STI SMOKE DETECTOR DAMAGE STOPPER[®]

Super Tough Protection for Smoke Detectors Where Abuse is Severe

There's no longer any reason to risk malfunction of your critically important smoke detectors from accidental or intentional damage. This Stopper is easy to install in areas where severe vandalism or physical abuse is causing false fire alarms or high maintenance costs. Two models available, STI-8100 for flush mount and the STI-8130 with a spacer for surface mount. See chart on reverse side for specific UL approvals.

Backed By a Lifetime Guarantee

Because they're molded of polycarbonate material in a highly durable design, all these protective covers carry a lifetime guarantee against breakage in normal use. They are easy to remove for servicing and tamper resistant hardware is available.
